

In May, 2009, the South Eleuthera Mission officially opened its doors to the public. With a history of self-sufficiency, The South Eleuthera Mission seeks to build its membership in an effort to expand its work, which continues to positively impact the lives of those within the South Eleuthera Community.

We are committed to achieving our vision

- To educate and inform visitors and the indigenous population about South Eleuthera, with particular emphasis on the youth, about the island's historical and cultural past
- To provide facilities for reading and learning
- To prepare South Eleutherans, in particular the youth, to take advantage of opportunities of an improving local economy through mentorship and apprenticeship programs
- To inform and educate on the benefits and advantages of using environmentally friendly technology
- To provide a rest and refreshment area for visitors to the Mission
- To run a schedule of fundraising events

ABOUT THE SOUTH ELEUTHERA MISSION

The South Eleuthera Mission (SEM) is a non-profit company incorporated in the Commonwealth of the Bahamas on October 28th, 2008. The organization's geographic focus encompasses the settlements of Tarpum Bay, Rock Sound, Green Castle, Wemyss Bight, Waterford, Deep Creek, John Millar's and Bannerman Town. It was felt that the people of these settlements, inhabiting the southern end of the island of Eleuthera, needed a facility which would serve as the catalyst for further educational and community building exploits.

The SEM endeavors to promote through its programs and resources: sensitivity regarding the rich history and culture of Eleuthera; literacy and academic excellence; computer and vocational skills training, and environmental awareness. It is felt that once the programs as well as adequate technical and human resources are in place, the South Eleuthera community will be poised to take advantage of the planned economic developments which are to come in the not so distant future.

The Board of the SEM recognizes the organization's unique position. The SEM has a strong brand and reputation among non-profits on the island. It also has a fully refurbished edifice with arguably one of the best computer labs on the island. It also has financial credibility (having completed the renovation work as promised within budget) and it has a committed nucleus of persons who work diligently to ensure its sustainability.

The most immediate threat to the SEM's operation is it being unable to garner the funding necessary to continue its work. The SEM is committed to preserving its self sufficiency status, but its current financial situation cannot adequately sustain its commitment to upkeep the premises, maintain current programs and staffing, or realize planned program expansion. To this end, the SEM remains hopeful that its members and benefactors, understanding the important role the SEM plays in the South Eleuthera community, will dig even further than in previous times to ensure that the work of the SEM continues.

MEMBERSHIP BENEFITS

Full members (over 18 years) - \$30.00 (Annual)
